Feminine, good size. Good ears. Want a more filled out face under the eyes. Coukld have also stronger underjaw. Excellent pigmentation. Enough forechest. A bit upright shoulders. Could have a longer ribcage, nice feet. Lovely temperament. The frontmovement needs to settle down. A bit too straight ~~and~~ topline on the movement. Showing very well.

Geminina. I would like to see a better expression, a bit too round and dominant eyes. Good ears. Upright shoulders. Long in loin. Ribcage should be much more longer. Well angulated behind. Nice temperament. Unstable movement in front and rear. She is losing her topline under the movement. She is moving kowhooked behind. Needs to settle down under the movement. ~~and it will be g~~

Dommerudtalelse:

Good size. Correct proportions in body, beautiful head and expression, excellent dark eyes and good pigmentations, nice forechest, good bones and bodies. Very typical movement all of them, and correct topline on the movement. Very beautiful breedclass. All have very good temperaments and lovely tailcarriage. They have all good feet, w is very important for a sighthound.
