Lørdag den 4. februar 2023

Fra klokken 9-13

Vejen Hallen, Fuglesangsalle 10, 6600 Vejen

INA KOULERMOU

10-YEAR-OLD

Ina was introduced to Greyhounds when she was about 10-year-old by her father who was a breeder and owner of hunting dogs in Cyprus.

Her work and lifestyle in the fashion world around Europe did not allow her though to own one of her own but used to travel seeing greyhounds at big events like CRUFTS and World dog shows.

INA'S FASHION GREYHOUNDS

During the years she had great mentors and only in 2007 started being active in the dog world while living in Greece. After owning a couple of greyhounds and being quite successful in the show rings she moved to Sweden and a year later to Germany where she started a breeding program under the prefix

"Ina's Fashion". She has produced several top winning greyhounds in many countries and succeeded impressive results including Westminster, World Dog Show, Crufts, EDS with the latest making history as the first Greyhound ever to win Best in Show at the 2022 FCI European Winner in Paris and the 4th in history of CRUFTS to win what we know today as a Hound Group.

Ina is the first overseas greyhound breeder to be awarded Top Breeder in UK which is the country of origin of the breed, for three years in a row and as it seems Top Greyhound Breeder 2022 including Top Greyhound 2020 & 2021 and Top Brood Bitch 2019, 2020 & 2021.

Ina is a very passionate owner, breeder, exhibitor and handler who is making a childhood dream coming true.

FROM GREECE TO GERMANY

In 2014 she decided to stay in Germany after meeting her partner,

Olaf Knauber who shared the same passion and ideas but had a long experience in the breed himself.

In 2018, the training workshops "Handling Show Dogs with Ina Koulermou" started after a huge demand of Sighthound exhibitors and friends which soon developed to be a training for all breeds.

Since then, Ina has been invited and traveled in many countries to share her point of view in showing dogs from breeders, owners and handlers perspective but due to an active show career with her own dogs all around Europe, Scandinavia and the UK most training workshops take place where she permanently lives in Germany and whenever her schedule permits.

PRAKTISK INFO

Der er plads til 15 deltagere på dette kursus.

Dagen starter med en times teori, hvorefter der er 3 timers praktisk undervisning.

Der vil være forfriskninger i løbet af dagen og en sandwich til frokost.
